After a great deal of filibustering it was decided to call the roll without the previous naming of candidates. The friends of each candidate labored to avoid a premature dis play of his strength, and the call of the roll failed to indicate the probable final result. Many members voted for the express purpose of veiling their real choice. The following was the result of the only ballot east (except a few more, scattering):

R. E. Withers, 22; R. M. T. Hunter, 16 John Goode, 13; A. H. H. Stuart, 10; Robert W. Ould, 9; ex-Governor William Smith, 8; Thomas S. Boccek, 2; A. B. Cochran, 2; E. R. It was resolved that no speeches should be made at the conference to-night; but a motion to reconsider was pending when a by a vote of 63 to 40.

BANK DEPOSITORS IN COUNCIL. - A meeting of the depositors of the Dollar Savings Bank was held last night at No. 1430 Main street-Mr. Robert F. Morriss in the chair. Sixty-one of the depositors were present. On motion of Mr. Savage Smith it was ordered that a committee of five be appointed by the Chair, said committee to select a committee of five with plenary powers to confer with the trustees appointed at the meeting of the stockholders of the Dollar Savings Bank and to act in the general interest of the depositors in said bank and consider all

FRANK LESLIE'S PAPER PATTERNS the matters appertaining thereto. The Chair appointed the following genlemen: Messrs. J. Thompson Brown, John W. Camp, W. M. Dade, John McCormick. and Savage Smith.

The committee retired, and, after consultation, presented the following report: "We, the committee, report that under the peculiar circumstances of the case it is for the interest of the depositors that the committee of five should be selected by the body of depositors here assembled and by a call of the roll."

The report was read and adopted. Nominations were then made, and the following gentlemen chosen as the committee: Messrs. J. Thompson Brown, Savage Smith, B. T. August, J. P. Justis, and John Beatty.

On motion of Mr. J. Thompson Brown, the following resolution was adopted: "Resolved, That the depositors here as sembled invite the cooperation of Mr. George D. Wise, who shall be associated with the committee to serve the general interests of the depositors in all matters which may come under their consideration."

On motion of Mr. Brown, a vote of thanks was returned to Mr. McCormick for the use of his hall; after which the meeting adjourned, subject to the call of the committee.

DROWNED IN THE DOCK .- The bodies of two the dock at the foot of Twenty-second street yesterday morning. The names of the two men were Edward Masters and Daniel Spencer. They were from Nova Scotia, from which place the brig sailed with a cargo of plaster. During the storm on Monday night about 7 o'clock the two men came ashore to make some purchases, and it appears missed their footing and fell into the water. Being unable to help themselves, and not being heard, both were drowned. The captain of the vessel thought it probable that they had deserted, and not until they had been grappled for and the bodies recov-

Coroner Taylor was notified of the case. and after going to the place where the bodies had been taken from the water deemed an inquest unnecessary, as he found no marks of violence upon them. The remains were turned over to the captain for interment.

ATTEMPTED ROBBERY .- On Wednesday night an attempt was made by thieves to enter Mr. Wilson's residence, at the corner of Fourteenth and Broad streets, by means of the back porch. The thieves raised one of the windows on the porch, and just as they were about to get in Mr. Wilson was aroused by the draught blowing upon him. and the burglars were frightened off.

Accident.—George Harris, an aged colored man, who is in the employ of Messrs. Meade & Baker, was knocked down about half-past 11 o'clock yesterday morning by being struck by the pole of Street-Car No which at the time was passing the corner of Main and Tenth streets. Harris was at

ministry amounts to 43, two of whom are Episcopalians, the rest Baptists. Several others are known to be carefully considering the question of devoting themselves to this work. It is noteworthy that six of those now recognized as ministerial students came to college at first without any such distinct purpose. It suggests that in the looking and aboring which must accompany our prayers to the "Lord of the Harvest" we should turn attention to young men who are already trained as well as to those whom the Lord may call and then qualify. Samuel and Timothy were called in early youth and trained for their life-work, but Moses and Paul were first trained as if for a different purpose, and then called to their divinelyappointed work. We have some at the College in training with reference to a work to which they feel called. May we not hope also that some who are looking forward to different occupations in life may be counted worthy to be put into the highest of all voca-

. Professor Hart said that Virginians were called proud, and that he thought they had right to be proud of such statistics as Mr. Harris had brought out. He had not the facts at hand, but was sure that the remarks motion to adjourn until to night prevailed made about the young men in our colleges would equally apply to our young women. He gave interesting statistics of his own school,-the Richmond Female Institutepaid a high compliment to the character &c. Corey spoke with humble pride referring matters in the petition to a comto the Cross. of the strong men of which the denomina. missioner for inquiry and report. tion could now boast, and of the rapid progress made in this respect. He gave inte-resting statistics (which were published in the New-Year's edition of the Dispatch) of the Richmond Institute for training colored teachers and preachers, of which he is president, and said that he had constant applications for the services of these young men from all parts of the country; that several of them were thinking of going as missionaries to Africa, and that he had encouraged them to go out under the auspices of the

Board of the Southern Baptist Convention. Rev. Dallas Tucker being called out by Dr. Curry made an earnest and telling address, in which he warmly expressed his interest in young men, and feelingly exhorted that prayer be made for both prefessors and students-for those who profess faith in Jesus and the unconverted as well.

Rev. J. William Jones spoke of the gratifying fact that a very large proportion of the eachers in our colleges and higher academies in Virginia are already professed Chris-

Professor E. Harrison expressed his warm sympathy with the remarks of his friend and brother Mr. Tucker, and spoke feelingly of the importance of bringing students to Christ, because few who pass through college without becoming Christians ever do

so in after-life. Rev. Dr. Jeter said that the great need of the colleges was prayer, now and continu-ously. He hoped that the effect of this meeting would be to so stir up God's people to labor and to pray that a revival might (as in sailors of the brig Magenta were found in other days) follow this meeting, and the seventy unconverted students in Richmond College be brought to Christ. He spoke in high terms of the importance of the work in which Mr. Corey is engaged, and asked earnest prayer for him and those under his

> charge. Rev. Dr. Curry closed by expressing his high gratification at the spirit of the meeting and his ardent hope that it might indeed be followed by a revival at Richmond College. For himself, he believed in the power of prayer. Scientists might talk of their "prayer-tests" and "prayer-gauges," but we could humbly thank God that in our experience we have found that God does hear and answer prayer.

As he gave two touching illustrations of how the prayers of pious mothers had recently been answered in the conversion of students at the College-spoke of the love of a teacher for "his boys"—of the perils of a young man at college-and of the hopes of the country, bound up in them-and made one of his thrilling appeals to the congrega-tion to look after, be kind to, and pray for the students of Richmond College-tears flowed freely, and a profound impression seemed to be produced.

Upon the whole, it was a meeting which all seemed to enjoy, and which must be productive of the happiest results.

GLOBE-FLOWER COUGH SYRUP—The most popular and effective remedy ever introduced for the immediate and perfect cure of every form of disease incident to the throat and lungs. Free from opium, and all poisonous ingredients. Perfectly harmless, but acts with magical effects. Is the coming remedy, as tens of thousands voluntarily testify. No child can die with croup where GLOBEtestify. No child can die with croup where GLOBE-FLOWER SYBUP is used. No cough can exist where this specific is used. It is the deadly enemy of the deadliest disease known to the human family-consumption. Whooping-cough is a trivial matter with GLOBE-FLOWER in the house. The strong voice, with ringing clearness after its use, makes it invaluable to public speakers and singers. Nothing disagreeable in the taste. Very palatable. Chemi-cal skill has extracted from the cephelanthus occi-dentalis of the betauist, the globe flower of the florist, the button-root of the herbalist, the crowning glory of medical skill-GLOBE-FLOWER COUGH SYRUP. Try it and be convinced.
